

## PORSCHE AND PLANES AT THE SANTA PAULA AIRPORT

Sunday, October 2, 2022

**You will want to make sure that your P-Car is detailed and shiny for this event.** Our cars will be presented to the public at the Santa Paula Airport on Sunday, October 2.

The group starts with an exclusive, buffet breakfast at the Aloha Steakhouse, our favorite on-the-beach restaurant in Ventura. We then caravan to the Santa Paula Airport where we'll park on the taxiway.

The airport is open to the public the first Sunday of each month, and while the visitors drool over our cars, we can take a self-guided tour of the hangars, learning about famous past pilots and the history of the airport. Okay, if that is not enough, let's park a vintage aircraft on the tarmac and you can pose your car next to it and take photos. We will also have a few dedicated SBR photo buffs to take professional-quality pictures.

The Aviation Museum of Santa Paula consists of what they call the "Chain of Hangars," each hangar exhibiting the owner's unique personal collections. The

private displays include antique, classic, and experimental aircraft; automobiles, including race cars; motorcycles; an enormous antique radio, juke box, and phonograph collection; paintings and photographs; model aircraft; and a variety of aviation artifacts.

Breakfast starts at 8:30 a.m. The restaurant is located at 364 S California Street, Ventura. Park with the group at the top of the parking structure adjacent to the restaurant. We plan to leave the restaurant at 10:00 and arrive at the airport about 10:30. The airport's address is 28 Wright Taxi Way, Santa Paula. We'll enter at the 9 Eagles entrance and park on the 9 Eagles and Curtiss taxiways.

**Registration.** The cost for the event, including breakfast, is \$35 per person, \$10 of which will be donated to the nonprofit Aviation Museum.
