

# TWO-DOOR TWISTIES

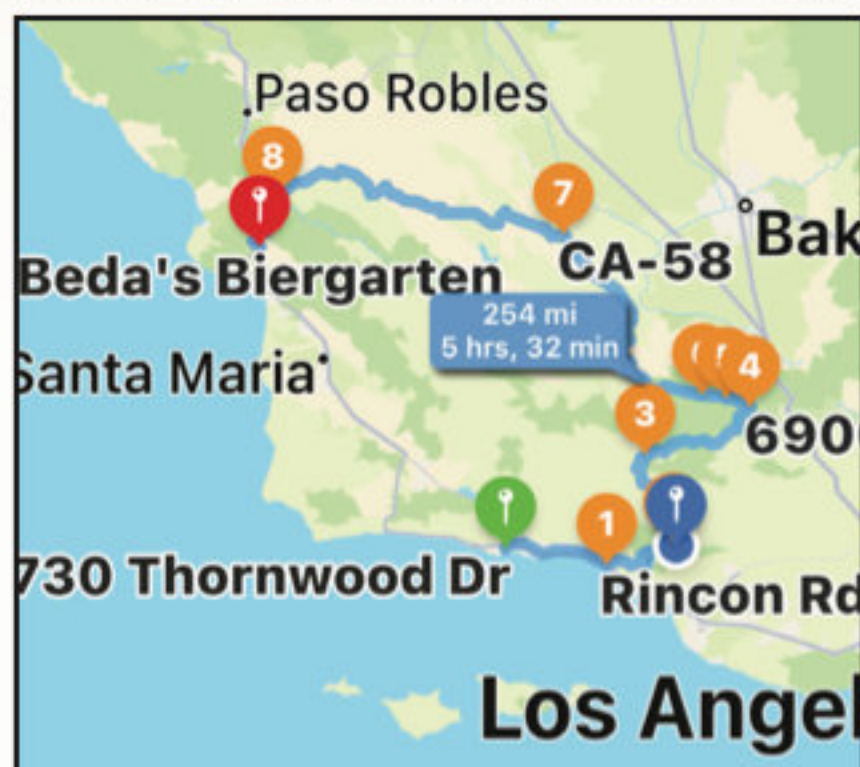

A DAY ON CALIFORNIA BACK ROADS  
WEDNESDAY, JULY 13, 2022

**The Challenge.** This will be a full day of driving some of California's best back roads, especially for sports cars. Two-doors only on this one: four-doors and SUVs will have earned a drive of their own down the road.

**The route.** Gathering time is 6:45 a.m. on Wednesday, July 13, at SBR member Angel Martinez's Paddock Motor Club in Goleta: 5730 Thornwood Dr. Getting underway at 7:00 a.m., the route will take us inland and north on mostly two-lane roads. This route caters to drivers who enjoy all manner of twists and turns and ups and downs—decreasing radius, off camber, blind cresting.

This drive will have it all. Highway 58 is a delight. And a mid-week drive should mean that the roads will be ours. A possible route is shown on the small map, but we will check it out closer to the event and let those

registered know the details. The drive alone is five and a half hours. We are counting on another hour and a half for gas and pit stops, giving us an arrival time in

San Luis Obispo for lunch about 2:00 p.m. Lunch will be at Bada's Biergarten, an authentic, family friendly restaurant for German food and beer. If you return home after lunch, count on another 1.5 to 2.0 hours driving time for the day.

**An option.** For those wishing to not make the return trip home the same day, San Luis Obispo and the area offer nice places to stay and some fine restaurants. Wine country is just up the road near Paso Robles. Arrangements to stay overnight would be on your own.

**The cost.** The fee is \$10 per person, payable with your registration.

**To register.** Twenty-five car limit. Registration opens June 1. Register online at: [www.msreg.com/Two-doortwisties](http://www.msreg.com/Two-doortwisties). If you don't have a motorsportreg account you will set one up the first time you use the site. That account stays with you for future SBR events.

**Questions.** For questions about the trip contact Angel Martinez at [angel.martinez55@gmail.com](mailto:angel.martinez55@gmail.com). For questions about motorsportreg contact Art Shinn at [artshinn@gmail.com](mailto:artshinn@gmail.com).
